Experienced Tutor at a Private Tutoring Company

- 3 years of experience, teaching GCSE Biology, Chemistry and Physics, A Level Economics and IB Mathematics and Economics
- Orchestrated lessons to deliver content efficiently, resulting in a remarkable 30% improvement in students' grades to the maximum possible grade.
- Communicated with students to create a comfortable environment whilst maintaining professionalism.
- Listened to the students queries and delivered appropriate responses, ensuring their doubts are cleared.

"As a tutor, my goal is to create a warm and welcoming environment where students truly enjoy learning. I use a blend of teaching content and reinforcing knowledge with plenty of practice questions. Repetition is key to helping information stick, so I make Quizlet flashcards for students to review as homework, aiming to boost their grades. I also create detailed spreadsheets to track student progress and content covered, ensuring personalized support. I genuinely care about each student's success and strive to make our sessions both productive and enjoyable."

"As a parent of an A-level Economics student, I am thrilled with my child's progress under Jeffrey's guidance. In just 7 months, Jeffrey has covered most of the content, boosting my child's confidence and passion for the subject. They scored an A in their mocks and are on track for an A*. Jeffrey's impact has been incredible, and I highly recommend him as a tutor."

- Zeba, Parent

"I've been tutored by Jeffrey for GCSE Physics since 2022, and he's amazing! He explains things clearly and is super patient. His lessons are interesting, and he gave me great exam tips. Thanks to Jeffrey, I got a grade 9 in my exams. I highly recommend him as a physics tutor!"

- Freya, Student

"As Jeffrey's boss for the past three years, I have seen firsthand the tremendous impact he has had on his science students. Under his tutelage, grades have greatly increased, reflecting his effective teaching methods and deep understanding of the subject matter. Jeffrey genuinely cares for his students and goes above and beyond to accommodate their schedules, ensuring they receive the support they need. His dedication and flexibility make him an outstanding tutor, and I highly recommend him."

- Steffy, Previous Employer
